

In the Specification

Page 6, cancel the section “Brief Description of the Drawings” and substitute therefor a new section “Brief Description of the Drawings” as follows:

--BRIEF DESCRIPTION OF THE DRAWINGS:

Fig. 1 shows a partially cross-sectional view of a combustion-engined setting tool according to the present invention;

Fig. 2 shows a cross-sectional new illustrating arrangement of magnetic piston-retaining means.--

Page 9, replace the first paragraph, lines 2-4, with a new paragraph as follows:

-- The magnetic piston-retaining means (31) can include one or more retaining elements. In this case, a separate magnetic flux-conducting element is associated with each retaining element, as shown in Fig. 2. --
